

BUDGET 2023-24

17TH February 2023

Presented By
Sri Basavaraj Bommai
Hon'ble Chief Minister

Karnataka Budget 2023

Hon'ble Speaker Sir,

1. I am presenting the Budget for the year 2023-24 before the House.
2. Indian economy has bounced back rapidly. Post-COVID recovery has been faster than that of global Economy. Karnataka is also marching ahead firmly on the same path.
3. It is significant that India has achieved economic growth at 6.5% as a result of several steps taken by the Hon'ble Prime Minister Shri Narendra Modi for financial stability at a time when several countries in the world are caught in financial distress. At this juncture, India's presidency of G-20 Summit is reflection of global recognition to the leadership of Shri Narendra Modi. I congratulate him whole heartedly. I believe that 14 meetings being held in our State as preparatory to G-20 Summit, is a golden opportunity for showcasing our State's progressive thinking and lead at the global stage.

4. This Budget is a promise for development and better future. With a sense of fulfilment of implementing the programmes formulated for bright future of Karnataka in this financial year, I am presenting this Budget with the vision of responsibilities, targets and results for the next 25 years of Amrithakal.
5. Action has been taken for timely and speedy implementation of Budget by giving administrative approval to most of the schemes within first two months of the financial year itself. An attempt has been made to maintain balance by giving equal priority for human development and economic development of the State.
6. Education, Employment and Empowerment has been our slogan thus we have given impetus to Schedule Caste, Schedule Tribe, Backward classes, Minorities, Women and other Weaker sections to lead a life with self esteem and self-reliance. We have taken historical actions to increase reservation for Schedule Caste and Schedule Tribes from 15% to 17% and 3% to 7% respectively and to confirm the services of over 24,000 municipal workers. We have ensured transparency by distributing the benefits directly to the beneficiaries through DBT. We have shown our concern for labour class by providing various

facilities to building construction labourers and labourers of unorganized sectors. We have performed Government's responsibility with responsiveness by increasing monthly pension to Rs.10,000 for acid attack victims, enhancement of various pensions, delivery of services of various schemes to door steps and many other initiatives.

7. With an aim to double the income of farmers, we have been constantly supported at every stage of agricultural activity. Record quantity of Ragi and Boiled Rice were procured under MSP scheme. Also additional compensation has been distributed along with NDRF relief fund in a record time during flood calamity. Government rushed to the aid of farmers, when Tur crop and Arecanut crop got affected by disease and when Cattle got infected by lumpy skin disease. Raitha Vidyanidhi scheme initiated for encouraging higher education to the children of farmers have been extended to children of landless farm labourers, weavers, fisherman, taxi-drivers and autorikshaw-drivers.
8. By emphasizing on education, health and employment generation, we have laid a foundation for building a healthy, well-educated and intellectual society. In addition to creation of employment

opportunities through suitable skill development training for the youth of our State, conducive environment is created to enable proper utilization of these opportunities. Initiatives like upgradation of Polytechnic, ITI and Engineering colleges, Research and Development policy, Employment policy compliments the development of human resources suitable to the demands of the Industry. Action is being taken for providing smooth and hassle-free secondary and tertiary health care locally to the poor through programmes like upgradation of health centres and establishment of 'Namma Clinic'.

9. With a hope of uniform development in the State, the concept of 'Aspirational Talukas' was introduced last year for the first time in the country. Result oriented efforts are being made in these Talukas for comprehensive and overall development in respective areas. These efforts will yield results in the days to come.
10. Huge investment has been attracted in World Economic Forum held in Davos and Global Investors Meet organized in Bengaluru. Investor- friendly environment is being created to implement these agreements. Karnataka has been recognized as a State with highest achievement in Ease of Doing Business by the

Department of Industries and Investment Promotion, Government of India. It is an encouraging sign that industrialists have come forward to invest beyond Bengaluru. This will propel equitable growth of all regions of the State. Construction of airports in different districts, speedy implementation of railway projects and priority for optimum utilization of inland water ways, importance given to development of ports will create conducive environment for the economic growth of the State in the days to come.

11. With view to encourage comprehensive development of the State, Central Government has been continuously supporting the State's economy. By providing Rs.5,300 crore in this year's Union Budget for Upper Bhadra Project, providing highest allocation to railway projects, that is, Rs.7,561 crore, providing opportunity for eco-tourism in coastal areas by relaxing the conditions of Coastal Regulatory Zone, support given by the Central government for the development of National Highways, Ports, Airports bears testimony to the pro-activeness of Double Engine Government.
12. Prime Minister Shri Narendra Modi on the eve of Amritha Mahothsava of Independence, has declared that the next 25 years would be Amritha Kala, Karthavyada Kala. The

aspiration of this Budget is to build a Glorious Karnataka. Each one of us should relish the nectar of development through building a healthy, educated, self-reliant and self-respecting society. I am presenting this Budget with optimistic vision by addressing existing challenges and with an ambition to achieve prosperous Karnataka.

State's Economy

13. The provisional estimate of the Gross State Domestic Product released for the year 2021-2022 by the National Statistical Office has reaffirmed that State economy has recovered beyond pre-COVID level. In spite of this, our State was affected by inflationary pressure in 2022 due to developments at global level. It was possible to control the inflation by timely actions by RBI and pro-people policies of the Central and State Governments.
14. The Directorate of Economics and Statistics has reported in its advance estimates that the State has recorded a growth of 7.9% in 2022-2023. An overview of sector-wise growth has revealed that growth in service sector and industrial sectors has mainly contributed for economic growth of the State. Compared to previous year, in the year 2022-2023, Service sector has recorded the growth at 9.2% and

Industrial sector at 5.1%. Despite erratic weather conditions, agriculture sector has seen a growth of 5.5%. As a result of this, per capita income in the State has increased from Rs.2.04 lakh to Rs.3.32 lakh.

15. Higher growth rate in GSDP in the financial year 2022-2023 has enabled increased capital expenditure, attracting investment and creation of employment on large scale. This reflects the concentrated efforts taken by the State Government.

State's Financial Position

16. The States financial position in 2022-2023 is robust and has seen a good growth. There is an increase in the State's revenue collection due to growth in the economic activities.
17. In view of increase in demand along with growth in economy, the growth in annual GST collection is at 26% compared to 2021-2022. Similarly, there is also an increase in collection of Motor Vehicle tax and Stamps and Registration fee. There is increase in State's own tax collection by 21% up to January compared to the financial year 2021-2022.
18. The State's share of tax has increased to the extent of Rs.4813 Crores due to the increase in collection of Direct and Indirect taxes by the Central Government. Further, the Central

Government has estimated State's share of taxes at Rs. 37,252 crores for the year 2023-2024. This is 25% higher compared to the Budget estimates for 2022-2023. Due to increase in State's share of taxes by the Central Government, the State Government was able to maintain financial stability.

19. Increase in State's own revenue collection and in state's share of Central Government's taxes has helped to reduce the State's fiscal deficit to the extent of Rs. 8,703 crore in the Revised Estimates for 2022-2023. In order to achieve fiscal stability, borrowings will be restricted to lower amount than the budget estimates.
20. The State has been maintaining the fiscal parameters prescribed in the Karnataka Fiscal Responsibility Act, 2002 except for a few years of COVID-19 pandemic. State's economic position suffered severely due to COVID-19 pandemic. Hence, parameters of Karnataka Fiscal Responsibility Act could not be complied with.
21. But, it was possible to take the State's economy again on the path of progress. However as a result of our Government implementing several progressive policies and fiscal consolidation measures and exhibiting fiscal discipline with steadfast commitment. It

has been possible to steer the state economy on the path of progress again. I have been successful in augmenting the State's revenue by giving total freedom to the revenue collecting departments in tax collection and constantly encouraging the tax officials. I would like to inform this august House with pride that, on account of concerted efforts of our Government, I am presenting a Revenue Surplus Budget for the year 2023-24 complying with all the parameters of Karnataka Fiscal Responsibility Act, 2002.

SECTOR-1: AGRICULTURE AND ALLIED ACTIVITIES

22. Our Government has taken many significant steps in Agriculture sector. Measures have been taken to enable the farmers to take informed decisions by adopting technological and scientific methods. Apart from this, emphasis is being given to value addition and export of farm produce to make agriculture profitable. Our Government is taking steps to encourage integrated farming to make farmers' income more stable.
23. Our Government has taken several steps in this direction for the last four years to strengthen the financial position of the farmers. I would like to place before this

House, assistance extended by the state government, right from the stage of sowing till marketing to support the farmers.

- ✓ Rs.10,930 crore under Centre's PM-Kisan Yojana and Rs,4,822 crore under State Government totaling to Rs.15,752 crore has been directly remitted to farmers' account.
- ✓ Rs.400 crore is provided for Raitha Shakthi Yojana to give diesel subsidy as announced last year.
- ✓ Rs.2,037 crore is provided to encourage farm mechanization.
- ✓ Market assistance of Rs.2,900 crore is provided for drip irrigation in agriculture and horticulture.
- ✓ Rs.962 crore has been spent for providing seeds, fertiliser, pesticides and other inputs.
- ✓ Electricity subsidy of Rs.52,950 crore has been given to irrigation pump sets.
- ✓ Rs.4,900 crore premium has been paid towards crop insurance of 86 lakh farmers under PM Fasal Bima Yojana.
- ✓ Rs.6,650 crore has been provided to purchase Paddy, Ragi, Jower, Moong, Toor and other food grains under Minimum Support Price scheme.

- ✓ Assistance of Rs.175 crore has been provided to 10.45 lakhs beneficiaries for food processing and storage.
 - ✓ Rs.5,245 crore has been spent for encouraging horticulture and sericulture.
 - ✓ Rs.725 crore has been given to 10.32 lakhs students under Raitha Vidyanidhi Scheme.
24. Our Government took historic decision to provide better price for Ragi growers and a total amount of Rs.1,879 crore is being spent for the first time in 2022-23 for purchasing 5 lakh metric tons of Ragi at the rate of Rs.3,578 per quintal. This has benefited 3.6 lakh farmers. Along with this, Rs.1,072 crore is being spent for purchase of paddy crop from 75,000 farmers and White Jowar from 40,000 farmers. Apart from this encouragement has been given to purchase par-boiled rice during this year. These measures have helped farmers growing local food grains. This practice will be continued.
25. Our Government has enhanced compensation amount over and above what is fixed by the Centre for crop loss during natural calamities and directly remitted to the bank accounts of the farmers, in a record time. In the year 2022-23, Rs.2,031 crore has been remitted to 14.63 lakh farmers' bank accounts directly, within 2

months, covering the crop loss area of 13.09 lakh hectares.

26. Action has been taken to distribute compensation of Rs.223 crore at Rs.10,000 per hectare in the districts of Bidar, Kalaburagi, Yadagiri and Vijayapura for losses suffered on account of 'Wilt disease' to Tur Dal.
27. **The limit of interest free short-term loan given to farmers will be increased from Rs.3 lakh to Rs.5 lakh from this year. This would ensure availability of hassle free and need based loan facility for making necessary preparation for farm related activities. This year loan of Rs.25,000 crore will be distributed to more than 30 lakhs farmers.**
28. **We have decided to give additional subsidy of Rs.10,000 in the year 2023-2024 under the new scheme 'Bhoo siri' for Kisan Credit Card holders. This would facilitate the farmers to purchase seeds, fertilizer, pesticides and other farm inputs in times of exigencies. The state will contribute Rs. 2,500 and NABARD will provide Rs. 7,500. This will benefit around 50 lakh farmers of the State.**
29. Action will be taken to provide life insurance to 56 lakh small and marginal farmers under

Jeevan Jyothi Bima Yojane at a cost of Rs.180 crore.

30. In order to make modern farm equipments readily available to farmers, it is proposed to provide 300 hi-tech Harvesters in phased manner to Krishi Yanthradhara Centres of Agricultural department. In 2023-24 Rs.50 crore will be provided for 100 Hi-tech harvesters at a cost of Rs.50 lakh each.
31. A new programme has been formulated in collaboration with ISRO to incorporate Geospatial technology in digital farming at a cost of 50 crores. The information generated will be useful for enhancing agricultural productivity by adopting precision farming and making data driven decisions.
32. To encourage better performing Farmer Producers Organizations (FPO), under the “Mukhyamanthri Raitha Unnathi Yojane”, interest subvention will be provided for loans upto Rs. 10 lakhs taken through banks for a term of 5 years.
33. Karnataka is at the forefront of Millets production. As a part of the International Year of Millets, an incentive of Rs.10,000 per hectare will be provided to minor millets growers under “Raithasiri” scheme. to promote area expansion, production and to increase

productivity. Apart from this, under new scheme of Mukhyamanthri Raitha Unnathi Yojane, priority will be given for providing subsidy to Farmer Producers Organizations undertaking processing, grading and packing at field level.

34. Central Government in its Budget has announced to attract around one crore farmers to organic farming. To supplement this, 1 lakh hectare area will be covered under organic and holistic farming in the next 4 years on cluster model in 50 hectares area in each Taluk.
35. 1,000 lakes will be developed in the State under “Sahasra Sarovara” programme. Under ‘Sahyadri Siri’, development works will be taken up in Coastal, Malenadu and Semi-Malenadu areas for conservation of water in summers by taking up development works including wells, check dams and canals. For these two projects a grant of Rs.75 crore is earmarked.
36. To improve underground water level, a new scheme “Jalanidhi” will be launched wherein water conservation works will be taken up by building farm ponds in farmers’ lands. Under this, all farmers will be encouraged to construct farm ponds in their own land by converging with MGNREGA scheme.

37. Karnataka has received an award as a Best Horticulture State in the country by making huge achievement in Horticulture sector. Presently an area of 26.21 lakh hectares is under Horticultural farming, yielding annual horticulture produce of 242 lakhs metric ton valued at Rs.66,263 crore. It accounts for 30% of total income from agriculture sector in the State.
38. **An opportunity has been created for the farmers by giving thrust to post-harvest technology and by value addition to their horticultural produce. Through KAPPEC (Karnataka State Agricultural Produce Processing and Export Corporation) 'Raitha Sampada' programme will be initiated to promote processing and export of agricultural and horticultural produce at a cost of Rs.100 crore.**
39. One farm One crop' scheme will be implemented in the 12 horticulture farms of the department. According to the agro climatic conditions, suitable crops will be identified and research and demonstration will be carried out to enhance productivity. One time grant of Rs. 10 crore will be provided for this.

40. Potato seed is being imported from the Northern States for cultivation of Potato. Apical Root Culture Technology will be introduced at reasonable price to farmers to achieve self-reliance in potato seed cultivation.
41. Assistance of Rs.10 crore will be provided to Agriculture and Horticulture Research Centre at Theerthahalli to develop new technology for the management of diseases affecting arecanut crops and also to enhance productivity.
42. As announced in the previous Budget, Forest Department initiated the for simplifying cultivation, felling and marketing of the sandalwood in the State. During the current year, improvised Sandal wood species will be grown in the farms under Horticulture dept and will be distributed to the farmers.
43. Horticulture college will be established in Tiptur, Tumkur District.
44. Rs.100 crore grant will be allocated to Karnataka Grapes and Wine Board to assist Grape growers in various activities.
45. Karnataka is at the forefront of raw silk production in the country. 1.39 lakh farmer families have undertaken sericulture in an area of 1.15 lakh hectare in the State with total production of 9,686 metric tons. In order to ensure scientific price to the silk growers and

to bring transparency in the market, e-auction and e-cash payment facility has been put in place. Six Cocoon testing centres, hi-tech Cocoon Market and Cold Storage Units have been established. Mulberry cultivation will be extended to another 10 thousand acres.

46. For the benefit of silk growers in Kolar, Chikkabalapura and neighbouring districts, Hi-tech Cocoon market will be constructed in Shidlaghatta which is the second biggest Cocoon market in Asia at the cost of Rs. 75 crores with NABARD assistance.
47. In order to facilitate silk growers to produce quality raw silk using modern technology an assistance of Rs.10 crore will be provided to establish 32 Automatic Reeling Units. Further, an amount of Rs. 12 crores is earmarked to provide Shredders to 1,000 silk growers.
48. A grant of Rs.8 crore will be provided for strengthening the infrastructure in Mysuru seed area to support continuous production and supply of Cocoon seeds.
49. A grant of Rs.5 crore will be provided for installation of Hot Air Conveyor Dryer in 10 major silk growing areas of the State for long term preservation of Cocoons and to ensure better price to farmers.

50. To protect the “Gou Sampatthu”, various steps have been taken for implementation of Prevention of Slaughter and Preservation of Cattle Act, establishment of Goshalas, Punyakoti Dattu Yojane and launching of 290 mobile veterinary clinics.
51. Vaccination has been given to over 1 crore cattle to prevent lumpy skin disease. Compensation of Rs.55 crore has been sanctioned to the owners in case of cattle death on account of this infection.
52. Incentive of Rs. 1,067 crore has been transferred to 9 lakh milk producers through direct cash payment facility.
53. A grant of Rs.90 crore has been provided by the government for establishment of 1 lakh litres capacity Mega Dairy at Haveri. During the current year in order to increase milk production in Kalyana Karnataka area, a Mega dairy will be established in Bellary district with milk processing capacity of 2 lakh litres per day at an expenditure of Rs.100 crore.
54. Under Amrith Swabhimani Kurigahi Yojane, a scheme for establishment of Sheep and Goat units is being implemented at an expenditure of 355 crore for 20,000 beneficiaries.

55. To encourage poultry farming among women farmers, 3.33 lakh chicks have been distributed to 16,642 beneficiaries in 2022-23. Further impetus will be given to this programme.
56. To prevent violence on animals and for the welfare of animals, a grant of Rs.5 crore will be provided to Animal Welfare Board. Mobile veterinary clinics will be launched by the Board in Bengaluru for the treatment of deserted animals.
57. Mudhol Hound Dog Breed has been recognized as Indian native dog breed by the National Bureau of Animal Genetic Resources (NBAGR). In order to develop this breed, a grant of Rs. 5 crore will be provided.
58. An online software will be developed for taking care of stray dogs and to enable the public to adopt them. With this, an opportunity is created for the dog lovers to adopt dogs by registering their names.
59. It is a matter of pride that the Central Government has identified and declared the state of Karnataka as Best Coastal State in the year 2022-23. Our State stood at 3rd position last year by producing 10.73 lakh metric ton of Fish.

60. Action has been taken to establish 62 FFPO (Fish Farmer Producers Organisation) to help the fishermen. Kissan Credit Cards have been distributed to 12,175 fishermen.
61. To improve the livelihood of traditional fishermen, Artificial Reefs will be established at different places in coastal districts under Pradhan Mantri Matsya Sampada Yojana.
62. A grant of Rs.20 crore will be provided to encourage stocking of high-quality fish seeds (Ranching).
63. New Fish Seed Production and Rearing Farm Centre will be established in Haveri district to encourage fish farming in North Karnataka areas.
64. With the assistance of central government, eco-friendly three wheeler vehicles will be provided for the sale of fish.
65. GPS communication system developed by ISRO will be fitted to all the mechanized fishing boats with a grant of Rs.17 crore. This will help in ensuring the safety of fishermen and their boats, by being able to trace the boats when under trouble in deep sea.
66. Our Government has given priority for providing housing facility to houseless fishermen. Last year, 5,000 were sanctioned.

Additional 10,000 will be sanctioned to the fishermen during the current year.

67. To prevent the financial difficulty caused due to fluctuation in the price of kerosene and reduce environmental pollution due to its use, the government indents to provide a subsidy of Rs. 50,000 each to the fishermen for converting their boats to Petrol / Diesel Based Outboard Motor Engine within next 2 years. Rs.40 crores will be provided for this purpose in the current year. Kerosene subsidy will be continued for the next 2 years till the completion of this process.
68. Diesel being supplied tax free to the boats of fishermen will be increased from the present limit of 1.5 lakh Kilo litres to 2 lakh Kilo litres. Fishermen will get assistance of Rs.250 crore from the State Government.
69. The procedure of giving kerosene subsidy to fishermen will be simplified and it will be directly remitted to fishermen's account through DBT from the current year.
70. For the first in the State, a special scheme Matsya Siri has been formulated by integrating with Pradhana Mantri Matsya Sampada Yojana to provide 100 Deep sea fishing boats. Work orders have been issued to all the

selected beneficiaries and construction of boats has started.

71. Export duty has been reduced in the Union Budget to encourage export of prawn. To utilize this opportunity, prawn farming clusters will be established in Yadagiri, Raichur and Bellary districts of Kalyana Karnataka.
72. Tender has been invited for de-silting the navigation channel of eight fishing ports of the State. This would ensure smooth and safe movement of fishing boats.
73. To encourage value addition and export of fish, a Seafood Park will be established under Public Private Partnership(PPP) at Kambadakone in Bynduru Taluk.
74. **Strengthening Revolving Fund.** It was announced in the year 2020-21 the revolving fund for procuring the food grains under MSP operations will be enhanced to Rs. 2,000 crore during the tenure of our government. At present revolving fund is Rs.1,000 crore and an additionality of Rs. Rs.1,000 crore has been provided in the year 2022-23. This will be **increased to Rs. 3,500 crore by providing Rs. 1,500 crore in the current year. I am happy to inform that this will be the highest Revolving Fund in the history of the State for MSP operations.**

75. As announced in the last year Budget, Yashaswini scheme has been re-introduced. At present 32 lakh farmers have been registered. Farmers are already getting medical treatment under this scheme.
76. In view of ample opportunity for export of flowers in the State, International Level Hi-tech Flower Market in Chikkaballapura and Modern Technology Based Retail Flower Market will be established in Bengaluru and Haveri.
77. Under the Prime Minister Krishi Sinchayee Yojana-Har Kheth Ko Paani (PMKSY-HKKP), it has been proposed to take up 138 Surface Minor Irrigation works in drought-prone districts of Yadagiri and Kalaburagi at a cost of Rs.443 crore to improve underground water.
78. The works approved for Rs.378 crore will be implemented under 2nd stage of Paschimavahini project formulated for utilizing the water for agricultural and drinking water before joining the sea.
79. Using water treated by BWSSB, works have been taken up and completed in K.C.Valley and in other projects to recharge ground water level in areas around Bengaluru city with depleted under-ground water level. Tertiary-like processing will be carried out to further

improve the quality of treated water to make it suitable for agriculture.

80. Substantial achievement has been made in the field of irrigation after the BJP government came to power in July 2019. During this period irrigation potential has been created in a total area of around 1.25 lakh hectare.
81. The present government has taken historic decision in respect of constituting a Tribunal for fixing uniform rate for land acquisition under phase-3 of UKP that had been pending for several years. This would facilitate a speedy settlement of compensation to farmers and land owners. A grant of Rs.5,000 crore will be provided in the current year for the UKP project.
82. With a view to give priority to irrigation, our government has accorded administrative approval for 38 projects at a total cost of Rs.11,236 crore in the year of 2022-23, and these will be implemented in the current year. Under these projects irrigation potential of 1.5 lakh acres will be created.
83. Tanks filling projects for various tanks in Jagaluru, Kitturu, Balambeeda, Harapanahalli, Yadagiri, Raichur will be completed in the current year.

84. Action will be taken to complete Sasalatti-Shivalingeshwara, Manturu Mahalakshmi and Shri Venkateshwara Lift irrigation schemes and Purigali Micro irrigation scheme.
85. By consistent efforts of the present government approval has been obtained from the Central Water Commission for the detailed project report(DPR) for utilization of 3.90 TMC water allocated by Mahadayi Tribunal for Kalasa-Bandoora Nala Thiruvu Yojane. For this, I express my gratitude to the Hon'ble Prime Minister and the Union Government on behalf of the people of the State. It is proposed to provide Rs. 1,000 crore to commence the works. Speedy actions will be taken for implementation of this project.
86. As a result of the consistent efforts of the present government, the Central Government in its budget for 2023-24 has announced financial assistance of Rs. 5,300 crore to Upper Bhadra Project, which provides irrigation facility for the districts of Chikkamagaluru, Chitradurga, Davanagere and Tumakuru, by recognizing it as a "National Project". For this, I thank the Hon'ble Prime Minister and the Union Government on behalf of the people of the State. The State Government is committed for speedy implementation of this project.

87. The works of the first stage of the ambitious Yettinahole comprehensive drinking water project have almost reached the stage of completion. It is proposed to supply water in 2023-24 by completing the works of gravitational canal and feeder canals up to Tumakuru district. Tenders have been invited for tank filling works to the tanks of Kolar and Chikkaballapur districts and the works of Shrinivasapura and Kolar feeder channels. The works will be commenced soon and completed.
88. In relation to the implementation of Mekedatu project, the State of Tamilnadu has filed a suit in the Supreme Court, action will be taken to get it disposed at the earliest and to implement the works. The required grants for this project will be provided.
89. The project report to construct the balancing reservoir near Navale of Koppal district to overcome the deficit in storage capacity in the Tunga Bhadra reservoir has been prepared. This project being an inter-state project, a meeting has been already held with the Andhra Pradesh Government. In this regard the action will be taken to implement the project after holding meeting with the Chief Ministers of Andhra Pradesh and Telangana.

90. "Online Project Management System" will be commenced for supervising the progress of projects under the jurisdiction of the Corporations and to make online bill payments directly to the contractors.
91. Our Government has provided a total of Rs.25,000 crore to the Irrigation sector in the current year, to increase agriculture production by providing irrigation facility.
92. A total grant of Rs.39,031 crore has been provided in the year 2023-24 to the Agriculture and allied activities sector.

Sector 2 – Welfare and Inclusive Growth

93. Our priority is to make education and health services accessible to the people of all classes and all regions. Hence, in addition to simplifying and facilitating the already existing programmes for the overall development of the Scheduled Caste, Scheduled Tribe, Backward Classes and Minority communities, new programmes are also formulated.
94. In the last budget, the aspirational taluks were identified, I had announced programmes of Rs.3,000 crore to improve the indices relating to education, health and nutrition in those taluks above the state averages. The works undertaken under this programme are in progress. In the current year, under this

scheme, basic amenities and essential human resources will be provided and action will be taken to deliver various services of the Government to the people.

95. In the year 2022-23, the honorarium of the Asha workers, Anganawadi workers, Anganawadi assistants, Mid-day Meal Cooks, Mid-day Meal Assistants, Guest Lecturers, Guest Teachers, Grama Sahayakas, Supervisors of Grama Panchayat Libraries and members of Grama Panchayats had been increased. This has benefitted 4.45 lakh persons with a total of expenditure of Rs.775 crore in the current year.
96. Recognising the contribution of Anganawadi worker, cooks and assistants under Mid-day meals, ASHA workers and librarians, in improving the sectors of Education, health and nutrition, their monthly honorarium will be increased by Rs. 1,000.
97. An amount of Rs.725 crore has been provided for 10.32 lakh children of the State under Raitha Vidya Nidhi scheme. During the year 2022-23, this was extended to the children of landless agricultural laborers, weavers, fishermen, yellow board taxi drivers and auto rickshaw drivers covering 3 lakhs children with an expenditure of Rs. 141 crores. The

scheme will be extended to the children of Tailors during the current year.

98. This will be a landmark day in the education sector of the State. In order to enable all the children who pass out of the high schools to continue their higher education, they will be provided with free education in Government Pre-University and Government Degree Colleges under '**CM Vidya Shakti Scheme**'. This decision will benefit 8 lakh students of the State.
99. In the State, 19 lakhs school and college students depend on the public bus service for their education. In order to enhance the coverage, it is proposed to launch 'Makkala Buss' scheme through which an additional 1,000 schedules will be operated through Road Transport Corporations at the cost of Rs.100 crore. This will benefit additional 2 lakh students every year.
100. The State Government aims to provide better learning environment to the students by providing basic amenities in the Schools and Colleges. In this direction, under the Viveka programme, 7,601 class rooms are being constructed at a cost of Rs. 1,194 crore. Approval has been given to construct additional 1,955 rooms at a cost of

Rs.382 crore under various other programmes of the department. In total, the record number of construction of 9,556 class rooms at the cost of Rs.1,576 crore will be completed at the earliest.

101. To provide better basic amenities and proper learning resources to the children, new Centrally sponsored scheme PM SHRI will be implemented at a cost of Rs.100 crore.
102. To saturate the entire requirement of toilets in all schools and colleges through the construction of 7,750 toilets, action has been taken-up at an estimated cost of Rs.250 crore in convergence with NREGA. Under this scheme, 2,169 toilets will be completed by the end of March 2023. The remaining 5,581 toilets will be constructed in the year 2023-24. A total of Rs.80 crore has been allocated for this, and out of this Rs.50 crore has been provided to the aspirational taluks.
103. To provide better learning environment for the students in the 93 aspirational taluks of the State, the following developmental works will be taken-up at a cost of Rs.632 crore in all Schools and Pre-University Colleges: -
 - a) 2,284 class rooms were constructed during the last year and in the current year, 1,230 additional rooms will be constructed.

Approval has been accorded for the reconstruction of 3,01,884 houses in the last 4 years under various classes and Rs. 2,627 crores have been released for this till now.
204. Ownership Certificates have been provided to 1.14 lakh families living in the slum areas of government owned lands and Land Ownership Certificates will be issued to all 3.36 lakh families by the end of the year.
205. 38 projects of Karnataka Housing Board were pending since 5 years due to land disputes, ownership issues and other reasons. By changing the guidelines and overcoming the obstacles 48,000 sites in an area of 3,382 acres have been distributed.
206. In the current year, 6 housing projects are completed by the Karnataka Housing Board and a total of 6,142 sites have been developed under these projects. It is planned to acquire approximately 2,000 acres of land for housing projects and develop approximately 30,000 properties for distribution to the public.

207. Under the new scheme “Namma Nele”, one-third of the sites developed by the Karnataka Housing Board i.e., 10,000 sites will be distributed to the Economically Weaker Sections (EWS).
208. Our Government is committed to provide food security to every citizen of this land. During the Covid situation, additional food grains were distributed by the Central Government under Pradhan Mantri Garib Kalyan Anna Yojana so that nobody will suffer from hunger. In addition to this, the State Government distributed the locally important food grains like Ragi and Jowar along with Rice under the Public Distribution System, and provided additional help to the farmers of the State. The distribution of local food grains will be continued this year also.
209. During the period of 5 years from the year 2013-14 to 2017-18, 1.2 crore metric tonnes of Rice has been distributed. Our Government has distributed 1.5 crore metric tonnes of Rice within a period of four years. A grant of Rs.4,000 crore has been provided in the year 2023-24 to provide an additional 1 kg of Rice along with 5 kg of food grains being provided under NFSA for each beneficiary.

210. A total assistance of Rs.1,785 crore has been provided to 23 lakh beneficiaries and their dependents under various welfare and social security measures, including a subsidy of Rs.543 crore under the Vidyanidhi Yojana to 3.8 lakh children, free bus pass facility to 2 lakh labourers, distribution of learning equipment to 16,400 children, temporary accommodation in Bengaluru Rural, Shivamogga, Belagavi and Chamarajanagara districts, through the Karnataka Building and Other Construction Workers Welfare Board.
211. By conducting “Karmika Adalath-2” in 2022, a relief of Rs.85 crore has been provided to 1.71 lakh eligible labourers.
212. To provide more priority to the welfare of the Construction Workers who have migrated from outside the State, assistance will be provided through the Karnataka Building and Other Construction Workers Welfare Board.
213. For the purpose of providing health care services at affordable prices to the labourers, 19 Employee’s State Insurance Clinics will be started throughout the State and action has been taken to increase the bed capacity in the ESI hospitals of Hubballi and Davanagere from 50 to 100.

214. To further strengthen the ESI hospitals in the State, proposal will be submitted to the Central Labour Ministry to establish ICUs in 7 hospitals, to start Ayush units in 6 hospitals and to upgrade, one per each district as health and wellness centres. It is planned to provide basic amenities in the newly commenced 19 ESI Clinics and to commence 6 new ESI Clinics.
215. A new online software will be developed to enable the easy and timely provision of all services provided by the Department of Factories, Boilers, Industrial Safety and Health.
216. “Karnataka Asanghatitha Karmikara Kalyana Nidhi” will be established to provide safety net for life of lakhs of hard working labourers in the unorganized sector of Karnataka. For the time being without increasing the quantum of cess levied on the property tax, the rates of cess will be modified internally. Through this cess, special schemes will be implemented for more than 75 lakh registered unorganized labourers.
217. Out of the people working in Karnataka State, 24% are working as employees in the organized sector. This is more than the national average of 20%. The rate of unemployment in the State

is at 2.7% and this is below the national unemployment rate of 4.2%. As per the Karnataka Employment Report for the year 2022-23, out of the total number of employees who subscribed the EPFO, the share of Karnataka is at 10.4%. In 2021-22, in the organized sector of Karnataka, 15 lakh employees have subscribed, which is highest in the last 5 years.

218. Under the PM-SWANIDHI programme a loan to the extent of Rs.70 crores has been sanctioned to 69,000 street vendors in this year till the end of November 2022.
219. Training has been provided to a total 1.12 lakh candidates under Mukhyamantri Koushalya Karnataka Yojane, Amrutha Koushalya Tarabethi, Pradhana Mantri Koushalya Vikasa Yojane and other programmes. 51,000 persons who obtained these trainings have received employment opportunities through Skill Connect Portal and Udyoga Melas. Skill training will be provided for 5 lakh candidates during the current year.
220. Skill training under the Department of Skill Development, which was imparted through the private institutions till date, will now be imparted through our ITI, GTTC and Polytechnic institutions. Skill training would

be increasingly institutionalized and systematized by coordinating with Industry and Academia.

221. For rejuvenation of traditional skills, high level skill enhancement training would be provided for 100 candidates each, in Bamboo products for Medara community, Channapatna toys, Kinhala art for Chitragara community, Pottery, Bidari, Embroidery and other arts.
222. To provide suitable guidance to foreign employment seekers, information and resource centres have been established in 8 districts through the International Migration Centre. The External Affairs Ministry has given approval to establish pre-departure training centres in 4 districts.
223. For the unemployed youth of the rural areas, different kinds of self-employment trainings have been provided free of cost to a total of 12,110 youth of BPL families. The beneficiaries who have obtained training have started self-employment activities.
224. The Government Industrial Training Institutes in aspirational taluks which have completed 50 years would be developed as Heritage Institutions and in accordance with the demand of the industries, new equipment and machinery will be purchased at a cost of

Rs.100 crores to provide technical knowledge to the youth of those areas.

225. Under the novel programme called “Kalike Jothege Koushalya”, industry oriented entrepreneurship training will be provided to the students through the Government First Grade, Engineering, Polytechnic and ITI Colleges. Additional technical and skill development training will be provided to the students in the residential schools run by KREIS on the same model.
226. Suitable Skill training will be provided to specially-abled children in Bengaluru through short term training courses to make them employable.
227. A total of Rs. 80,318 crore will be provided to the Welfare and Inclusive Growth Sector.

SECTOR-3: STIMULATING ECONOMIC GROWTH.

228. The State of Karnataka is front runner in attracting investments. Steps have been undertaken for sector specific policies, incentives and Ease of Doing Business which has led to Karnataka becoming the most sought after destination by investors.
229. Our Government is committed to increase Capital investment for encouraging State’s economic activity and to create more

employment opportunities. In this background, the Capital investment which was estimated at Rs.46,955 crore in 2022-23 Budget has now increased to Rs.61,234 crore in the year 2023-24. This is 30.4% higher than the Budget estimate of previous year. This is the highest increase in capital allocation in past ten years.

230. In the current year, the capital expenditure of State is Rs.33,991 crore up to the end of January. This is about 72% of Budget estimate. This is the highest capital expenditure at the end of January achieved by any government in the state in past 10 years. Thus, it reflects that Government is not just focusing on preparing Budgetary estimates but also on completing works expeditiously.
231. Development of Airports, Railway lines, Construction of sub-urban railway stations, Ports, National highway, Multi-Model logistic parks and other infrastructure developmental projects have been taken up in the State at a cost of Rs.69,031 crore with the assistance of Central Government. In addition to this, many proposals for the implementation of projects have been submitted to government of India.
232. The Central Government has given constant support in encouraging economy of the

State. From 2019-20 to 2022-23, the Central Government has released in total Rs.2,77,711 crore to our State. Out of this, Rs.1,20,493 crore is State's tax share, Rs.1,57,218 crore has been released under 105 Centrally sponsored schemes including National Health Mission, Covid vaccine, Jalajeevan Mission, Amruth Yojana, Smart City project, PM Fasal Bima Yojana, Minimum Support Price scheme, MGNREGS, Pradhan Mantri Awas Yojana.

233. In the year 2019 when the Jaljeevan Mission was launched, Karnataka had 24 lakh household tap connections in rural areas. In past three years, 38 lakh new connections have been added through the Mission taking the total tap connections to 62 lakh. In order to provide sustainable water supply, administrative approval has been given to 101 Multi village schemes at the cost of Rs.30,308 crore. In order to provide tap connections to the remaining households in the State, administrative approval has been given to 31,235 works. For this, Rs.6,234 crore has been allotted.
234. Having implemented 23 lakh individual works under Mahatma Gandhi National Rural Employment Guarantee Scheme in the past 5 years, State stands first in the country. This

programme includes works implemented by convergence with various departments like horticulture crop in 2.25 lakhs acres of land, 25,000 acres plantation, expansion of sericulture in 25,000 acres, 1.25 lakh acres afforestation. Apart from this, 12,547 school compounds, 2,331 play grounds, 17,574 toilets, 3,117 Anganawadi buildings and 4.95 lakh cattle sheds have been constructed. It also includes rejuvenation of 42,717 traditional water resources, 1.34 lakh road works and 13,500 km road side plantations. It is intended to provide employment to 88 lakh people at a cost of Rs.1,800 crore in the year 2023-24 under this scheme.

235. Provision will be made to empower the decentralised administrative set up and redressal of problems faced by rural people at grass route level through Gram Panchayats. Presently Gram Panchayats have been given Rs.12 lakh to Rs.35 lakh grant by the State Government based on population. To make provision for grant from Rs.22 to 60 lakh to each Gram Panchayat in the year 2023-24, one-time special grant of Rs.780 crore will be provided.
236. Government has given more importance for the improvement of rural roads. In the current

year 4,504 km roads have been developed with an expenditure of Rs.2,070 crore.

237. To provide connectivity to rural roads and agricultural lands in convergence with MGNREGA scheme, an expenditure of Rs.300 crore will be incurred for the development of total 5,000 km roads with 25 km road per Legislative Assembly constituency.
238. Works relating to scientific treatment liquid waste are in progress in 20 thousand villages in the State. To maintain the cleanliness in rural areas, drainage system will be constructed at an expenditure of Rs.4,190 crore under MGNREGA and Swachh Bharat schemes.
239. Steps will be taken every year for the revival of Panchayat lakes through the development of 2000 lakes at an expenditure of Rs.200 crore.
240. Waste disposal units have been established in 5213 Gram Panchayats in the past three years. The remaining Gram Panchayats will be covered by December 2023.
241. In 3,798 Gram Panchayats in the State, libraries have been converted into digital libraries with all basic amenities. This scheme implemented in our State has now been announced in Union Budget this year. This is a matter of pride for our State. In the current

year, libraries will be established in the 330 Gram Panchayats which do not have libraries. 1000 rural libraries in the State will be upgraded for the convenience of specially abled children.

242. District planning committees will be strengthened to further empower Panchayat Raj System and for the purpose of formulating schemes as per the requirements of people. Responsibility Mapping will be done regarding functioning of Panchayat Raj organisations at various stages.
243. Karnataka is in forefront in the country in adopting technology in Gram Panchayats. To bring out technology enabled improvements in administrative system, Panchathantra 2.0 software will be adopted.
244. Ahara Mandiras will be constructed at an expenditure of Rs.18 lakh in each district under MGNREGA scheme in Government schools having highest admission. This will primarily function as dining hall and also for other purposes.
245. In 2021-22 Rs.1,500 crore has been provided for the development of Kalyana Karnataka region. In the previous Budget our Government has enhanced it to Rs.3,000 crore. Out of this grant, approval has

been given to 3,155 works. For the purpose of addressing the regional imbalance, Rs.5,000 crore works will be implemented through Kalyana Karnataka Region Development Board.

246. Our Government has ambition to convert Karnataka's GDP into *One Trillion Dollar Economy*. For this, a High Level Committee comprising of Industrial experts and Representatives of the Governments has been formed and necessary corrective steps will be taken on recommendation of the committee.
247. Karnataka State Policy and Planning Commission has been restructured as State Institution for Transformation of Karnataka (SITK) in lines with NITI Ayog. Through this institution modern solutions will be formulated to build Nava Karnataka for Nava Bharath.

305. The share of Karnataka in India's IT export is 38% and in Engineering R&D is 40%. 35% of the human resource under Global Capability Centres (GCC) Ecosystem is in Bengaluru. To maintain the dominance in IT sector, priority is being given to strengthen the digital infrastructure in 2nd and 3rd tier cities with a slogan "Beyond Bengaluru".
306. Karnataka is a home to 40 Unicorns worth about 163 Billion Dollars approximately. In 2022-23, six Startups of Karnataka have obtained the status of Unicorn.
307. To maintain the foremost position in IT sector, State Government has implemented Karnataka Startup Policy 2022-27, Karnataka

Data Centre Policy 2022-27 and Karnataka Research Development and Innovation Policy 2022. In the current year Karnataka Biotechnology Policy and AVGC Policy will be revised.

308. To promote SC/ST, Women and Backward Classes Startups, ELEVATE Unnathi 2022, Amrutha Startups 2022, ELEVATE Kalyana Karnataka have been implemented. Already 93 Startups have been identified and are being encouraged under ELEVATE programme.
309. It is proposed to establish a state of the art Start up park at a cost of Rs.30 crore near Kempegowda International Airport.
310. With the collaboration of Bengaluru Bio Innovation Centre (BIC) and Infectious Disease Research Foundation (IDRF), Government has decided to provide Rs.10 crore to establish Centre for Epidemic Preparedness in the first phase.
311. To introduce Scientific and Technological developments to the general public and to create scientific temper and awareness among students, six regional and sub-regional Science centres will be upgraded.
312. Karnataka State Research Foundation will be established to encourage Research and innovation, to ensure support from all the

stakeholders and to achieve inter-departmental co-ordination to carryout R & D activities in the State.

313. Sector Stimulating Economic Growth is provided with a total allocation of Rs. 61,488 crores.

Sector 4 Comprehensive Development of Bengaluru

314. Bengaluru is recognised as technology hub of the world. Our Government has given priority to improve the quality of lives of the people in a fast growing Bengaluru city by ensuring seamless mobility, developing roads, prevention of floods by developing storm water drains and by designing scientific and efficient waste management system. Providing quality education and health facilities are also given focus by our Government.
315. Under the Amrutha Nagarothana scheme, Rs.6,000 crore worth of works are being implemented in Bengaluru city. Development of total 108 KMs roads are taken up under High Density Corridors scheme at an estimated cost of Rs.273 crore. To ensure that there is a free flow of rain water and to avoid flooding, Rs.1,813 crore has been provided to undertake the development of total 195 KMs of drainage and culverts.

316. To reduce the traffic congestion in the Bengaluru city, it is proposed to develop 75 important junctions with highest traffic congestion at a cost of Rs.150 crore. As a supplementary to this, traffic congestion will be reduced by using Artificial Intelligence for the management of traffic signals by adopting Seamless Signalling.
317. Traffic congestion will be reduced by constructing 5 km elevated road at a cost of Rs.350 crore from Tin factory to Medahalli and the integrated flyover from Yeshwanthpur Railway Station to Mathikere and BEL Road and by providing direct access. This will be done by integrating it with the rail networking of Sub-urban Railway Corporation.
318. White topping of 120 kms arterial roads in Bengaluru at a cost of Rs.1000 crore and 300 kms of Arterial and sub-arterial roads in the city will be developed at a cost of Rs.450 crore.
319. Rs.300 crore will be provided for the re-construction of roads which need repair in the 110 villages included in the BBMP limit.
320. For proper usage of Sir M Vishveshwaraiah Terminal at Byappanahalli, the access roads around the terminal will be comprehensively developed and it is proposed to take up the

necessary works at a cost of Rs.300 crore to reduce the traffic congestion.

321. At present the Bengaluru Metro Rail Scheme is operational in 56 kms network. The works of metro rail scheme connecting Central Silk Board Junction to Kempegowda International Airport of 58.19 kms length with 30 stations is under progress in fast pace. It is planned to operationalise 40.15 KMs length metro route in the current year.
322. Third phase of works relating to metro network has been proposed in the previous budget. A Detailed Project Report for two corridors of 44.65 KMs length with 31 stations has been submitted to the Central Government. The estimated cost is Rs.16,328 crore for this project. The works will be taken up after approval from the Government of India.
323. To reduce the traffic congestion considerably, construction of Satellite Town Ring Road of 288 KMs of length at a cost of Rs.13,139 crore has been approved by the Government of India. The State Government has agreed to pay 30% of land acquisition cost required for this project.
324. Approval has been given by the State Government and Ministry of Railways for implementation of Bengaluru Sub-urban

Railway Project at a cost of Rs.15,767 crore which was the long standing demand of residents of Bengaluru. The works of first phase is already under progress and this project will be completed in the year 2024-25. Grants of Rs.1,350 crore from the Central Government and Rs.1,000 crore from the State Government will be provided in the current year.

325. The work order for Bengaluru Sub-urban Railway Project between Chikkabanavara and Byappanahalli Corridor-2 Via-duct for Rs.860 crore has been issued and the works have been commenced.
326. High Powered Bengaluru Metropolitan Land Transport Authority is constituted in order to co-ordinate the operations of various transport agencies and to find out the scientific remedies to mitigate the traffic problems of the fast developing Bengaluru city.
327. To mitigate the ill effects of climate change and control floods in Bengaluru, a project with the assistance of World Bank at a cost of Rs.3,000 crore will be implemented. Sluice Gates will be installed at all the tanks to control the flood situation under this scheme. It will help in controlling the speed and quantity of flow of water.

328. The works of Cauvery Water Supply Scheme Stage-V has been undertaken at an estimated cost of Rs.5,550 crore with the financial assistance of JICA and these works will be completed in the year 2023-24. Completion of 775 MLD capacity scheme will help in providing potable water to 50 lakh people of the city.
329. Rs.200 crore financial assistance will be given to Bengaluru Water Supply and Sewerage Board from the state government for implementing the second phase of providing potable water to 110 villages coming under the purview of BBMP.
330. At present, 1,850 MLD effluents is being produced in Bengaluru, out of which 1,500 MLD effluent treatment capacity has been created. The capacity of 350 MLD will be added to treat all the effluents in the city.
331. Construction works of four new effluent treatment plants with total capacity of 440 MLD at cost of Rs. 1,200 crores have been taken up under the Mega City Revolving Fund.
332. Several actions will be taken for processing of waste produced in Bengaluru City. Auto tippers and compactors designed for collection of dry waste and wet waste in the same vehicle will be operationalised. For processing of

waste in the respective ward, a modern technology based odourless waste processing unit will be established in each ward.

333. Thrust will be given to process the waste locally by mandating the producers of the large quantity of waste including commercial complexes, hospitals and hotels to process the waste at their level itself.
334. Providing health services at affordable cost is the priority of our government. For this purpose, Namma Clinics in 243 wards and 27 Smart Virtual Clinics have been approved in the year 2022-23. Further, 50 dialysis beds and 300 bedded super speciality facilities are established. To improve the health administration system, it is proposed to re-constitute the Mahanagara Health Administration system as “Bengaluru Health Systems”.
335. 20 Bengaluru Public Schools announced in the 2022-23 budget have been implemented. Further, a scheme for development of BBMP Schools at a cost of Rs.180 crore is prepared under Amrutha Nagarothana Scheme and the works will be completed in the year 2023-24.
336. 10 lakh saplings have been planted every year up to 2022-23. From 2023-24 onwards this will be increased to 15 lakh saplings. It is

proposed to establish 3 new high-tech nurseries in co-ordination with the Forest Department.

337. To prevent the encroachment of BBMP property and to ensure the protection of such property, fencing, erecting boards and surveillance through GPS software will be under taken at a cost of Rs.35 crore.
338. To infuse faith in the weaker sections of the society especially among women, the Safe City Project under the Nirbhaya Scheme is being implemented on war footing. 4,100 cameras have already been installed in 1,640 places. Safety measures taken will be monitored by providing access of these cameras to the Integrated Control and Command Centre. A grant of Rs.261 crore will be provided to complete this scheme in the current year.
339. 250 well equipped “She Toilets” will be constructed in the heavily populated markets, mega commercial complexes, etc. of Bengaluru city. State-of-the-art-design including toilets, feeding room, mobile charging, emergency SOS services etc. at a cost of Rs.50 crore will be constructed in these complexes.
340. For the comprehensive development of Bengaluru sector, a grant of Rs. 9,698 crores is provided.

Sector-5 - Culture and protection of natural resources

341. The State of Karnataka is enriched with abundant cultural and natural resources and Our Government has taken measures to efficiently utilise them.
342. To showcase our land, language and culture Akhila Bharatha Kannada Sahithya Sammelana was successfully conducted in Haveri.

431. To provide social security to the labourers working in the unorganised sector is the responsibility of our Government. A scheme of grant of insurance of Rs.2 lakh in case of death and another Rs.2 lakh in case of death due to accident, total of Rs.4 lakh insurance facility will be formulated under 'Mukhya Mantri Vima

Yojane' to provide security to the dependents of auto drivers, taxi drivers, lorry drivers and delivery persons in the e-commerce. 16.50 lakh people are being benefitted by this scheme.

432. It is proposed to take up automated testing track with a cost of 85 crores from the Road Safety Fund in Tumkur, Haveri, Yelahanka, Kasturi Nagar, Sakleshpura, KGF, Chintamani, Sagara, Gokak, Ranebennur, Dandeli, Sirsi and Balki.
433. Transport department has started it challan system to collect the compounded fine. This system is established on a pilot basis in the office of regional transport officer, Rajaji Nagar. This will be extended across the state in a phased manner.
434. In order to promote the use of electric vehicles and reduce the air pollution, it is proposed to establish charging stations in the government offices and the depose of transport corporations from the green tax fund.
435. The committee under the chairmanship of MR Srinivas Murthy was formed to suggest improvement of transport, corporations and strengthening them. The committee has submitted its recommendation. Government has taken various action based on the

recommendations of the committee including procuring the buses under gross contract model.

436. Government has provided financial support to the extent of 2,335 crores to the state transport corporations with a view to strengthen them in the year 2022-23. In addition, the motor vehicle tax due of Rs.1,505 crores was exempted and the corporations were allowed to retain this amount by converting them into equity. Overall, the government has provided the financial assistance to the extent of Rs.3,840 crores.
437. Action has been taken to add 3,526 new buses to the four transport corporations of the state in the year 2022-23. Government will provide Rs.500 crores for buying 1,200 new buses in the year 2023-24. It is for the first time that the government is giving such a big support for adding buses to the corporations.
438. Steps have been taken to induct electric buses in the transport corporations with a view to reduce the air pollution. BMTC has added 1,311 buses and KSRTC has added 50 buses. Action will be taken to increase the number of electric buses in the coming years.

439. For the first time in the history of the road transport corporations in the country, the government has introduced accident insurance cover of Rs. One crore.
440. The state government has agreed to provide 50% amount four starting a corpus fund of Rs.1,00 crore to provide the health facility for the advocates of the state
441. During the last four years, the government has spent Rs.580 crores for construction of the judicial building, the share of the state government in this is Rs.397 crores. During the same period 39 judicial buildings have been completed and handed over. During the last four years 83 new courts have been opened in the state
442. The allocation provided to administrative reforms and Public services for the year 2023-24 is Rs.68,585 Crores.

TAX PROPOSALS

COMMERCIAL TAXES

443. It is proposed to simplify the Profession Tax Act by amending it. To provide relief to lower income class, it is proposed to raise tax exemption limit from Rs.15,000 to Rs.25,000 per month for salaried or wage earning employees.

444. For effective verification of dealers' transactions and to ensure data similarity, we have switched over from GST PRO to a new software. As a result, the data available will be the same for dealers and departmental officers. With this a solution has been found for data reconciliation.
445. In order to expeditiously resolve pre-GST legacy tax disputes and to collect the arrears promptly without litigation, I propose a 'Karasamadhana Scheme'. Under this scheme, interest and penalty will be waived off to those making full payment of tax arrears on or before 30th October 2023.
446. Karnataka has recorded highest growth rate in GST collection amongst big States of the country. For the year 2022-23, the revenue collection target for Commercial Taxes Department was fixed at Rs.72,000 crore against which revenue collection of (excluding GST compensation) Rs.83,010 crore is achieved by January end. This is more than the Budget estimates by 15%. The State has received GST compensation of Rs.10,548 crore and total collection including GST compensation will be Rs.93,558 crore by end of the year.

447. The revenue collection target for the Commercial Taxes Department for the year 2023-24 is fixed at Rs. 92,000 crore (excluding GST compensation).

STAMPS AND REGISTRATION

448. A rebate of 10% was given on the guidance value during the period 01.01.2022 to 31.03.2022, during this period 82,784 documents were registered and at revenue collection was at Rs.4,343 crore. This is a record revenue collection in a period of three months in the history of the State.
449. Once again 10 % rebate in guidance value was extended from 24.04.2022 to 21.07.2022 during which period 1,73,937 documents were registered and the revenue collection is Rs.4,018.66 crore.
450. The revenue collection target for the Stamps and Registration Department for the year 2022-23 was fixed at Rs.15,000 crore, against which revenue collection of Rs.17,000 crore will be made exceeding the target by year end. This will be 13% higher than the Budget Estimate.
451. The revenue collection target of Rs.19,000 crore is given to the Stamps and Registration Department for the year 2023-24.

EXCISE

452. I propose a new Karasamadhana Scheme for collection of Excise arrears relating to Arrack / Toddy. Under this scheme, interest and penalty interest will be waived for those who make payment of basic amount relating to Arrack / Toddy rentals on or before 30.06.2023.
453. The revenue collection target of Rs.29,000 crore was fixed for Excise Department for the year 2022-23 against which revenue collection of Rs.32,000 crore will be made. This will be 10% higher than the Budget Estimate.
454. The revenue collection target for the Excise Department for the year 2023-24 is fixed at Rs.35,000 crore.

TRANSPORT

455. The revenue collection target of Rs.8,007 crore was fixed for Transport Department for the year 2022-23 against which revenue collection of Rs.9,007 crore will be made. This will be 13% higher than the Budget Estimate.
456. The revenue collection target for the Transport Department for the year 2023-24 is fixed at Rs.10,500 crore.

MINES AND GEOLOGY

457. The State has so far successfully auctioned 34 Mineral Blocks and Karnataka is in second place in the country among the States who have made highest auctions.
458. The revenue collection target of Rs.6,500 crore was fixed for Mines and Geology Department for the year 2022-23 against which revenue collection of Rs.4,620 crore has been made by end of January. Revenue collection target for the current year will be achieved.
459. The revenue collection target for the Mines and Geology Department for the year 2023-24 is fixed at Rs.7,500 crore.

REVISED ESTIMATES

460. Compared to the budget estimates of Rs.2,61,977 crore for the year 2022-23, a revised estimate is Rs.2,79,540 crore. Out of this, State's revenue mobilization efforts stand at Rs.2,12,360 crore which includes own tax revenue collection including GST compensation amounting to Rs.154,431 crore.
461. As per the revised estimates, the total expenditure is Rs.2,89,653 crore. When compared to budget estimates at Rs.2,65,720 crore, it has increased by 9 %.

BUDGET ESTIMATES 2023-24

462. The total Own Tax Revenue of the State for the year 2023-24 is estimated to Rs.1,64,653 crore. Rs.11,000 crore is expected to be collected from Non-Tax Revenue. The State Government expects to receive Rs.37,252 crore by way of the share Central Taxes and Rs.13,005 crore in the form of grants from Government of India. These Revenue Receipts are estimated to be supplemented by gross borrowings of Rs.77,750 crore, non-debt capital receipts of Rs.23 crore and recovery of loans of Rs.228 crore. The total receipts are estimated to be Rs.3,03,910 crore during 2023-24.
463. Total Expenditure is estimated to be Rs.3,09,182 crore which includes Revenue Expenditure at Rs.2,25,507 crore, Capital Expenditure at Rs.61,234 crore and loan repayment at Rs.22,441 crore.
464. For the first time in the State, post- COVID pandemic, Revenue Receipt are estimated to be more than the Revenue Expenditure by Rs.402 crore. This is a Revenue Surplus Budget. Fiscal deficits expected to be Rs.60,581 crore, which is 2.60% GSDP. The total liabilities at the end of 2023-24 is estimated to be Rs.5,64,896 crore, which is

24.20% of the GSDP. With this, I am happy to inform that all the parameters specified in the Karnataka Fiscal Responsibility Act, 2002 have been complied with.

Hon'ble Speaker Sir,

465. Now, I commend the Budget for consideration of the august House and seek vote-on- account to incur expenditure up to 31st July 2023 as per the budget estimates for 2023-24.

Jai Hind

Jai Karnataka
